SUMMARY

Dedicated and purpose-driven Junior Engineer with a foundational understanding of web development, including experience with the Django Framework. Recently completed comprehensive training at SmartCode, focusing on Python programming language and various associated libraries. Eager to leverage newly acquired skills and knowledge to contribute effectively to a dynamic team environment while actively seeking opportunities for skill refinement and professional growth.

SKILLS

Python

Django

Django REST framework

HTML

GitHub

PostgreSQL

Problem-Solving and Troubleshooting

Strong Analytical and Debugging Skills

EXPERIENCE

BACKEND DEVELOPER

SmartCode January 2023 - June 2023

- I used Django and Rest Framework for block processing.
- users registration
- an opportunity of integrated actions, comments and ratings.
- Database administration

(PERSONAL PROJECT)- JOBENTRY

<https://github.com/sargismnoyan01/Job-Portal>

- A fully functional project is developed which allows the user to register, post their job announcements, search for both job and employee and receive feedback on their announcement by Email.
- Backend is completely developed by me with the help of Django_framework and PostgreSQL is used as a database.
- HTML, CSS, and JavaScript are used to create corresponding interfaces.

EDUCATION

**NATIONAL POLYTECHNIC
UNIVERSITY OF ARMENIA**

information technology

SMART CODE ACADEMY
